

Do you or someone you care about suffer from traumatic brain injury?

The Cognitive Recovery from Traumatic Brain Injury research study at the Los Angeles Biomedical Research Institute at Harbor-UCLA Medical Center is seeking individuals suffering from traumatic brain injury and healthy adults between the ages of 18 and 50 years. All research subjects will receive reports of thinking ability and emotional functioning. If you are interested, or if you know of someone who may be interested, please contact Dr. Matthew J. Wright at 310-222-5445 or 310-222-7958.
