

Request to Take Part in a Study Titled:

Treatment for Social Competence in Military Veterans, Service Members, and Civilians with Traumatic Brain Injury

- Have you had a traumatic brain injury?
- Do you ever find it hard to interact with other people?
- Is it difficult to make and keep friends?
- Do you have problems getting along with family or co-workers?

The VA Palo Alto Health Care System is taking part in a research study that will test the effectiveness of a Treatment Program for improving Social Competence.

If you qualify for the study, you would take part in a 13 week treatment program at the VA Palo Alto Health Care System with about 7 other individuals who have had a TBI.

**If you are interested in learning more about taking part in this study, please call
the Study Coordinator who is located at the Palo Alto Division
(650) 493-5000 ext 67268**

(press prompt 1, then press 1 again to select Palo Alto Division before entering the ext)
